In this report dedicated to the Forecast 2025, we analyzed the top 25 large-cap stocks in the U.S. market. The forecasts presented here are based on the performance recorded throughout 2024 and the official closing data from December, providing a detailed and in-depth overview of each asset.

Our projections are the result of rigorous technical and fundamental analysis.

However, it is important to note that these forecasts may evolve over time.

The performance of individual assets, as well as general market conditions—including monetary policies, macroeconomic data and geopolitical dynamics—could impact the outlook for 2025.

To stay up to date on developments and market changes, we invite you to use Global Asset's analysis and strategy services.
